Dear Child Care Provider,

This letter is in regards to the May 12, 2014 compliance check of your Level B, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

- ☐ 110.5(1) Conditions in the home are safe, sanitary, and free of hazards. ( needs a banister between the kitchen and living area)
- ☐ 110.5(1)e All accessible electrical outlets are safely capped. (please cap the bathrooms with safety caps)
- ☐ 110.5(1)r Fence for aboveground pool is four feet above sidewalls of pool. Height of pool walls not included in measurement. (needs to be attached to the wall)
- ☐ 110.5(2)a A physician's signed statement of health and immunization status on the provider and all members of the household who may be present when children are in the home. Statements must be obtained at the time of initial registration and updated every two years. ( Lynn needs, Paul is done)
- ☐ 110.5(8)e For infants and preschoolers: A statement of health signed by a physician submitted annually.
- ☐ 110.5(8)e For school aged children: An annual statement of health condition signed by the parent or legal guardian, annually from date of admission physical.

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations within the next 45 days.**

X ☐ Based on the items out of compliance listed above, you will be required to have a recheck or follow up visit to your home. This visit will occur after the 45 day time period has elapsed. Child Care Resource
